

## Energy Healing Therapy

Energy Healing Therapy is a non–invasive, complementary therapy based approach to health and healing. The healer, with the client’s permission, uses either a very light touch or works a few inches away from the body, thus affecting physical, emotional, mental, spiritual health and healing.

The desired outcome is to restore harmony and balance in the energy system to assist in the clients own self-healing ability. I understand that an Energy Healing Therapy session is not a replacement for traditional medical or psychological diagnosis and treatment.

Energy Healing Therapy practitioners do not diagnose conditions, nor do they prescribe, perform medical treatment, nor interfere with the treatment of a licensed medical professional. It is recommended that I see a licensed physician, or licensed health care professional for any physical or psychological ailment I have or believe that I may have.

By signing this form, I give my consent for an Energy Healing Therapy session and understand that I may discontinue treatments at any time. I further understand that I should inform my healthcare provider about the treatment I am receiving.

Except in the case of gross negligence or malpractice, I or my representative(s) agree to fully release and hold harmless \_\_\_\_\_ from and against any and all claims or liability or whatsoever kind arising out of, or in connection with my Energy Healing Therapy session(s).
